Leighton Art Centre's Harvest Dinner is an immersive gala experience that blends culinary and visual delights! We'll embrace the changing seasons with a progressive dinner set against the backdrop of the historic Leighton property and the Rocky Mountains at sunset. Take in the autumn beauty from Alberta's finest vantage point.

Special guests will include artists, musicians, and more. Harvest Dinner is also a chance to celebrate two new exhibitions. *Hey You! Land!* is presented in partnership with National accessArts Centre and is Canada's first endeavour in using the power of the arts to connect the disability community to the broader Truth and Reconciliation conversation. Bruno Canadien's *walking is traditional* explores cultural resilience and continuity in action. Come together for an unforgettable evening of art, nature, and community. Proceeds raised support Leighton Art Centre's children's programs, local artists, and environmental stewardship.

Leighton Art Centre embraces the beauty of all weather - Harvest Dinner will take place rain or shine!

Dress code: The event is garden party formal. This is an outdoor site subject to the weather so it may start out very hot and then transition to cooler as the evening progresses.
